

# Covid-19 in Germany

A presentation prepared by  
Lisa, Lara, Ronja, Maya, Zilli und Alexandra

# In Germany

- 27.01.2020 -> first case in Germany
- 1. Wave -> March to April 2020
- 2. Wave -> October 2020 to January 2021
- 3. Wave -> March to May 2021

# Today in Germany

- Beginning of July -> the cases were really low
- Now -> they are going up again because of the delta-variant
- Delta -> 07.07.2021 -> 59%

# In our school

- 17.03.2020 -> every student was in home-schooling
- 15.06.2020 -> we were back in school but only the half class and only every second week
- After our summer vacation all students were normally back in school
- 17.12.2020 to 21.02.2021 -> we were back in home-schooling
- 22.02.2021 -> the half class was back to school every second week
- 14.06.2021 -> all students were normally back to school

# Rules in our school

- 06.2020 -> walking directions like „one way streets“ to prevent contact in hallways
- 06.2020 -> social distancing
- 06.2020 -> if one student had covid the whole class had to be under quarantine
- 06.2020 -> we had to wear masks in hallways and toilets
- 10.2020 -> we had to wear masks in the whole school -> thereby if one student had covid only the ones around him had to be under quarantine
- 04.2021 -> we had to get tested twice a week except people who had covid or are vaccinated
